## ABOUT ME

### ■ Educations

Graduate Electrical and Computer Engineer/ Graduate Software Engineer

State University, Novi Pazar

2018 - 2024

- During my studies at the State University of Novi Pazar, I acquired a solid foundation in the fields of software engineering and electrical engineering, with a special focus on programming and developing complex software solutions. I enjoy challenges and relish the process of learning and solving new problems. I actively seek opportunities to expand my knowledge and skills, aiming to continuously evolve as a software engineer. Working on new problems inspires and motivates me to find creative solutions that contribute to product development and improvement
